Around the Square

So quiet around town this week you could have heard the meat prices drop. They didn't.

Maybe this "Hog Prices Break!—Beef Drops!" is some more campaign oratory and we're getting so rusty we don't recognize it.

Anything can happen in election year.

But 90 cent a lb. round steak sure confuses the voter.

And out of the confusion comes the letter which Don Pope passed on to us and which we reprint below.

Don, you may recall, writes the script for "Freckles and his Friends" comic strip. In it he has developed Bountiful Betsy, an ever-laying hen, on whom he has set high evaluation. He did not, however, anticipate the following:

"I declare that there shall be a strike against Freckles and his Friends. I shall not permit my family to read your comic strip as long as 'Bountiful Betsy' is worth the outrageous sum of \$2000.

Don't you realize that as long as you advertise one old hen (regardless of how bountiful she is) at such a price that there is no hope for a fall in meat prices, no matter how much we housewives strike against the butcher?

I am watching for a drop in her valuation. If not forthcoming I shall start a telephone chain requesting people to quit reading Freckles.

Trusting you will see the necessity for immediate action, I remain,

Mrs. L. P. L.
Mt. Clemens, Mich.

Truth is Stranger Dept.

When P. R. Penn called Clerk Ralph Reames over to meet new Checker Louise Hackworth, Mr. Reames goggled and then put out his hand. Miss Hackworth was head checker in the Kansas City market of which he was manager.

Miss Hackworth replaces Mrs. Mabel Brown who, for five years, has dispensed pleasant smiles along with those ghastly totals.

So now we know. The new redwood house going up on the W. C. Roberts acre on East Grandview is to be La Casa, thus tying in La Media and La Casita into Una Hacienda. Huh?

Perfectly simple, says Dorothy Roberts—and practical. La Casita is the little redwood house way back in the trees where she and her husband reside. La Media is the middle-sized house for the kids—where radios may be heard. El Garaje also has quarters in the rear and now comes La Casa with open fireplace, living room, kitchen and breakfast room.

Perfectly simple. But how do you find your way around in a fog?

As a direct result of being unable to resist a bargain, Lorne Pratt (and Ginny and Judy and Angus) may now be found residing behind 262 Boston ferns, 16 Cupressi macrocarpa, 14 Portenschlagiana and 2 Begonias.

Peering out of his thicket, Lorne explains that, after having copped first prize for his greenhouse at the County Fair, he was allowed to buy up the background bushes at a ridiculously low price.

Better build a better mouse trap, Lorne—your friends are going to have to beat a path to your door.

Johnson Is Named New Plan Member

Harry E. Johnson, 70, retired attorney, last night was appointed to the City Planning Commission by unanimous action of the City Council.

He takes the place left vacant by the recent resignation of Miss Thomasella Graham.

Johnson, who lives at 585 W. Grandview Avenue with his wife, Ella, said that he accepted the appointment because:

"I believe that in taking this job I might be able to do a service for this town in which I live and in which I intend to

HARRY E. JOHNSON

live for some time to come." A graduate of the University of Michigan Law School, class of 1901, Johnson practiced law for six years in Oklahoma. He moved to Dallas, Texas, in 1912. He was a practicing attorney there until 1944.

During World War II he acted as civilian legal adviser for approximately 10,000 army and navy servicemen stationed at installations of Dallas County.

Since his retirement in 1944 he and his wife have been residents of Sierra Madre.

He will take up his new duties at a special meeting of the Planning Commission called for tonight (Thursday).

Everyone stopped for a smile as news photographer makes a surprise appearance at band rehearsal Tuesday night in the School Auditorium. Bandmaster Stewart Matter said, "I have real musicians to work with and I am really enthused over the future of this organization." Francis Danielson and Al Morgan of the Chamber of Commerce were responsible for bringing the band into being.

\$3000 Fund Drive To Start Monday

The annual Community Youth Fund Drive—source of operating monies for all of Sierra Madre's youth organizations—is to swing into action Monday morning when streamlined volunteer units begin a week's house-to-house canvass.

Upon the success of the drive, which has a \$3000 goal, depend the 1948-49 programs of the Boy Scouts, Girl Scouts, Campfire Girls and Toy Loan.

Dr. Milton Valois, head of the drive which was inaugurated and is sponsored annually by the local Kiwanis Club, stated yesterday that:

"It is important that Sierra Madre should understand that the Community Youth Fund takes the place of a Community Chest drive in this city.

"All monies raised go directly to the four youth groups which include almost 800 Sierra Madre youngsters and teen-agers. Should we fail in our goal, the annual programs

of these groups would suffer correspondingly.

"This is the only drive conducted on a city-wide basis and eliminates separate fund drives by each organization.

"Let's go over the top again." At an open meeting tonight, 8 p. m. in City Hall chambers, the canvassing captains are to receive last minute instructions and details of the drive.

Each district is represented by a Kiwanis captain and a representative of one of the youth organizations.

Heading the various districts are:

District 1—Dr. R. C. Simpson and Chief Gordon McMillan;
District 2—Dr. Thomas Wynne and Mrs. Arlene Wynne;
District 3—Chief James Heasley and Mrs. Eloise Parker;
District 4—Robert Green and William A. Kinney;
District 5—Dr. Daniel D'Arcy and Mrs. Dorothy Yarnell;
District 6—P. R. Penn and Mrs. Lucille Marmion;
District 7—Harry Lange and Mrs. Al Morgan;
District 8—Larry Garland and R. H. Barrett;
District 9—Dr. Earl Gossard and Mrs. Margaret Pangborn;
District 10—Arthur Morse and Mrs. LeRoy Toms.

Growth of the benefitting organizations has necessitated an increase in this year's budget by almost \$400, Dr. Valois pointed out. Each group submitted its budget at an open meeting with the Kiwanis Board of Directors and the city's Recreation Commission. Operating expenses were studied and proportionate amounts determined, he said.

Campfire Girls this year has increased to 125 girls; Girl Scouts to 175 girls; Boy Scouts to 175 and Toy Loan now serves over 300 children.

A radio plea for co-operation will be heard Monday, October 25, over KAGH when representatives of the youth groups will stress the need for adequate funds.

Letters will be sent home with all school children, Dr. Valois said, and envelopes will be mailed out to all Sierra Madre water users.

L. A. Chamber Observing 60 Years

The Los Angeles Chamber of Commerce is holding Open House tomorrow celebrating its 60th birthday. Many Sierra Madreans have received invitations to attend through the courtesy of Col. Walter D. Thurber of the Public Relations department or from Carl T. Colt of the Traffic Planning Department. Both Col. Thurber and Mr. Colt live in Sierra Madre.

ARMORY SITE WAR QUIET: UP TO STATE

Ultimate decision on the location of the National Guard Armory here will be left up to the State Department of Architecture.

Despite all the hubbub, either site is acceptable to the National Guard.

This was the substance of a letter sent this week to the City Council by Maj. Gen. D. H. Hudelson, Commanding General of the 40th Infantry, California National Guard.

It served to quiet a row which has had the city on the verge of arms for weeks. The communication was quietly received and filed last night by the City Council at its regular meeting.

General Hudelson said that as a result of a conference with the councilmen last week he has requested the state agency to inspect the two sites under consideration, the so-called water land and the Park property.

"From a military point of view either site is acceptable to the National Guard," he said.

He pointed out that the armory would be available for community use when it is built. He will contact the Council when an answer is received.

Something New Has Been Added To Water Bills

Watch those water bills!

If you don't and you forget to pay them by the 15th of the month, there will be a 10 per cent penalty tacked on.

This penalty, all perfectly legal although it came this month as something of a shock, was incorporated into the city's new water ordinance adopted two months ago with increased rate schedules.

This penalty is not new, however. It is only a new name for the discontinued 25-cent discount that was previously allowed for prompt water bill payment.

Tomorrow is the deadline for this month.

Parking Poll Scheduled for Merchants

The persistent problem of limited parking in the downtown area is to be exposed to a poll of merchant opinion, the Chamber of Commerce decided Monday night at regular meeting.

Discussion revolved around whether the two-hour limit was detrimental to business, whether the "park and pay" tickets issued by police penalized shoppers and, finally, whether the merchants themselves were not the greatest offenders in taking up available space in the shopping section.

Necessity for some move on the Chamber's part is brought about by the new traffic ordinance which City Attorney Thomas A. Reynolds is drawing up with Police Chief Gordon McMillan. According to McMillan, the ordinance is based on a model drawn up by the League of California Cities in an effort to bring about uniform traffic ordinances in the State.

"This attempt to get more uniformity in local control of traffic has been adopted by several cities already," the Police Chief stated.

Under the proposed ordinance, all Sierra Madre city traffic regulations are to be consolidated and some new provisions added.

McMillan himself sparked the Chamber's decision to take a merchant poll on the limited parking, hoping that results of the action would be incorporated in the parking restrictions of the new ordinance.

Vacancy Filled As Councilmen Face Deadline

BY ARTHUR HEWITT

Ship's company had its full complement today. The crew was completed with the piping aboard a fifth admiral.

The new admiral is William A. Kinney, 51-year-old Los Angeles manufacturing executive. He was sworn in as councilman just before last night's regular Council meeting at City Hall.

He takes the place left vacant by the resignation of Don Jackson. Jackson's resignation became effective Sept. 14, and under the law the Council had but 30 days to appoint a new member. If no appointment had been made this week, an election would have been required.

Kinney has lived in Sierra Madre since 1931. He is assistant manufacturing manager

PE ARGUES FOR RAIL LINE DEATH

Pacific Electric officials are deadly serious about tearing up Sierra Madre's rail line and substituting buses for the Red Cars on all runs.

And furthermore, not only is the Sierra Madre-San Marino section to go but nearly every other PE rail line in the county.

This was brought out yesterday before the California Public Utilities Commission at the State Building during a hearing into PE's operations which was attended by City Attorney Thomas A. Reynolds.

Reynolds was there on instructions of the City Council to fight the railway company's contention that the Sierra Madre rail line is uneconomical and thus should be eliminated.

The company was after an extension of time to install a power feeder line as an aid to service here.

The company gave testimony to the effect that:

"The Sierra Madre line is one of the services included in a general study covering the abandonment of rail line facilities.

"Indications at this time are definite that application will be made to abandon the rail line with possible motor coach substitution, thus obviating the necessity of additional power facilities.

"The company concurs in the recommendation of the Commission to the extent that if rail line is to be continued in service, additional power facilities are necessary."

The Commission had ordered that this power deficiency be completed by last July. The company said that it will file within a few days formal application to extend the time limit.

PE President O. A. Smith told of a nearly continuous 31-year deficit. He blamed it on the cost of operating such uneconomical rail lines as the Sierra Madre spur.

"We do not propose to subsidize the public by a further continuing financial loss," he said.

It was even brought out that

For the past three years he has been Sierra Madre district chairman of the Boy Scouts. He is a member of the Board of Trustees of the Sierra Madre Nursery School. He also served on the mayor's recreation site committee.

The new councilman lives with his wife, Lillian and their seven children at 695 West Sierra Madre Blvd. His oldest child is 21, his youngest, 7½.

At the same time the Council appointed Harry E. Johnson to the Planning Commission. But it was not done without protest.

Mrs. May Roberts de Wright, president of the Planning Commission, on hearing the appointment, said:

"I wish to register a protest. The Planning Commission was asked to submit three names. But you didn't give us a chance. It puts us in a very bad light."

Councilman Herman Barter pointed out, however, that the Commission was a little late in its submissions. As a matter of fact, the three names had not been received up to the time the councilmen locked the door last Tuesday night for its star chamber session during which it decided on the Planning Commission member and hit a compromise on the Councilman.

Mrs. de Wright also asked

S. M. Scientist-Engineers Honored in UCLA Ceremony By Armed Services

Two Sierra Madre residents are among the Southern California scientists and engineers given the War-Navy Certificate of Appreciation for outstanding contributions made to the Office of Scientific Research and Development during World War II. They are John Conzelman of 165 East Sierra Madre Blvd. and M. D. McFarlane of 24 Sierra Place.

In a ceremony held at Royce Hall, UCLA, October 7, Brigadier General Leroy H. Watson, Commanding General of the Southern Military District, expressed the high regard of the armed services for the achieve-

ments of the men representing OSRD and reminded them that continued efforts are needed in carrying forward measures in behalf of national defense. Rear Admiral Paul Hendren, Commander, U. S. Naval Base Los Angeles, paid tribute to the spirit of co-operation that has developed between the armed services and civilian scientific personnel. He also pointed out that the armed services continue to look to scientists and engineers for aid in furthering programs of research and development.

During the early part of the war Mr. Conzelman was vice-president and chief engineer of Clarke Aero-Hydraulics, Pasadena, where he developed the hydraulic gun turret control used on army and navy planes. In 1942 he became staff member of Solar Aircraft, San Diego, where he had charge of production engineering, pilot manufacture and plant engineering. He is credited with producing the hot components for the first jet engines manufactured in this country and for setting up necessary plant facilities and equipment for their production. He is vice-president and general manager of Sierra Engineering Co., 123 East Montecito.

Early in 1942 Mr. McFarlane joined the staff at Radiation Laboratory, Mass. Inst. of Technology, when radar still was in the developmental stage. Later he was detached to serve as technical advisor to the NA-LOC committee, NDRC, and from August 1944 until the end of the war, he acted as chief of the California Engineering and Transition Office, OSRD, in Pasadena. He is head of the electronics department of Sierra Engineering Co.

Among the projects for the armed services now in progress at Sierra Engineering are prosthetic development and manufacture and electronics research.

Oh, Where Is Our Wandering Judge Tonight?

East—West—home's best —so sayeth Judge John C. Mead after a quick and eventful judicial sortie over into East Los Angeles territory.

Last Thursday it was, when our City Court Judge was asked to take the bench in the neighboring Justice Court in the absence of Judge E. P. Woods. Not only is it the largest Justice Court in the County, but, according to the Judge, one of the most active.

Robbery — kidnapping — the docket piled up until finally it was crowned with the preliminary hearing of the Bell Gardens accused rifle murderer, Iva Estelle Hamey.

Judge Mead wielded the gavel during her tear-spattered reconciliation with her son—and listened gravely to the charges of murder which the State hurled.

On the evidence submitted he bound her over to trial in Superior Court and she was remanded to County Jail.

Then the Judge came home and looked over his own docket of parking tickets and speed violations. And maybe a loose chicken or two.

East—West—and it's not a bad place either.

New Store to Open in Former Bowman Location on Baldwin

Sierra Madre is to have a new store in the building formerly occupied by the Bowmans. R. W. Archibald of 262 Manzanita, with Mr. and Mrs. Chas. H. Gillen of Detroit, Michigan, will open a Bruce Hill Store of household furnishings. Formal announcement will be made later.

New Teacher Added to Ascension

Attendance at the Episcopal Church parochial school has increased to the point where it has been necessary to divide the first and second grades and add a new first grade teacher, announces Fr. Harley G. Smith, Jr., rector.

The teaching staff of Ascension School, now increased to four, attended an instructors' conference and observation class Tuesday at the Episcopal Candle Hall in North Hollywood.

The new teacher is Mrs. Myrtle Johnson, resident here the past year. Mrs. Johnson came from Chicago, where she taught first grade in the Chicago Lincoln Square Nursery School.

A graduate of Southern Minnesota Normal School, she has had much experience teaching first grades in Iowa and Illinois and did special work in Morningside College, Sioux City.

Her daughter, Mary Beth Johnson, is a fourth grade teacher at El Monte Public School. Mrs. Johnson also has a son, Richard, teaching at Washington State College, and another son studying for his M.A. at Ann Arbor, Michigan.

Member of Pioneer Family Passes Away At Newport Sunday

Pioneer resident of Sierra Madre, Francis Thorne Gresham, died suddenly Sunday morning at his Newport Beach home. He was 68 years old.

Mr. Gresham came from his native England with his family, about 1885 and settled here. His father, Dr. Frederic Gresham, was believed to be the first physician in this city, as well as organist at the Church of the Ascension.

In 1911 the Gresham family moved to Alameda and Mr. Gresham married the late Miss Jenny Lambert of this city.

Before moving to Newport Beach a short time ago, Mr. Gresham made his home in Monterey. He married only a week before his death. Mrs. Edith M. Pictor, daughter of another local pioneer family, Mr. and Mrs. George Humphries.

Besides his widow, he leaves a son and two daughters: Fredric Gresham of San Jose; Mrs. Don Thompson of Monterey and Mrs. T. R. Dawson of Temple, Tex.

1948 Flower Shop Plans Made by Womens' Society

Sierra Madre groups are knee-deep in flower lore, with the advent of the community Fall Flower Show, the afternoon of November 5 at the Congregational Church social hall.

The Womens' Society of the Church sponsors this annual horticulture heyday.

Churches of all denominations and civic groups will exhibit plants, flowers, flower arrangements, fruit and vegetables. A silver tea will be held.

CLARA WATERWORTH RETURNS

Mrs. Clara T. Waterworth, 56½ West Mira Monte, returned Friday from seven weeks vacation at Catalina and also with her daughter, Mrs. Frank J. Ostronic of Los Angeles.

Sandy's Gone

The children at the Community Nursery School are very sad over the disappearance of Sandy, the desert tortoise. Some one left the gate open, and Sandy walked out.

We are sure that Sandy did not intend to run away. He was very happy at School. He loved to ride in the little red wagon and go down the slide with the children. Some one was always petting his hard-shelled back or feeding him lettuce and carrots. He loved geraniums, too.

Sandy just walked out, and now he can't find his way back, and the children look for him every day. He is about twelve inches in diameter, the same color as the ground, and is good-natured. Will anyone who sees him telephone the Nursery School or Mrs. W. K. Keith.

ILLINOIS HOUSEGUESTS

Mr. and Mrs. Charles W. Collins of Evansville, Ill., have been visiting at the Woodson F. Jones home, 124 East Alegria, for the past two weeks and plan to stay until the middle of October.

Mrs. Collins is the sister of Mrs. Jones and Mrs. Julia Shannon, also of East Alegria.

GIRL SCOUTS AND PARENTS CONVEENE

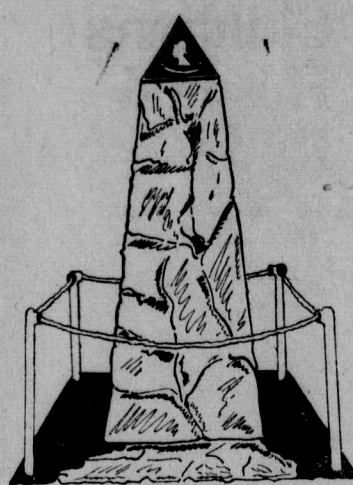

About 16 Girl Scouts of Troop 67 met with their families for a pot-luck supper Tuesday evening at the Youth Hut.

Following an outline sketch of the year's plans, Mrs. William Marmion, head of the Girl Scouts, helped the group with folk dancing.

POLIO SUFFERER IMPROVES

Tiny Carolyn Kirk, victim of infantile paralysis for nearly a month, seems to be showing improvement, according to her parents, Mr. and Mrs. Samuel I. Kirk, 646 West Sierra Madre Blvd. They visited their four and one-half year old daughter Sunday at Rancho Los Amigos.

Mrs. Kirk reports it is still too soon for doctors to tell whether Carolyn's paralyzed right arm will respond to treatment.

Through a misunderstanding of mine as to the deadline of the NEWS, I have missed the last two issues with the column, but I am on the beam now and hope to see you every Thursday. Thanks for the letters saying you missed seeing this section.

Sea Scout Skipper Herb Kelley announced that his ship meeting nights have been changed from Tuesday to Monday, still at the Youth Hut. 7:30 P. M. He also stated that they are getting ready for the annual Sea Scout Jamboree coming up on November 27, 28 and 29, to be held at the U. S. Naval Training Station, San Diego, Calif.

We are indebted to Mrs. Lela George for the fine job she did in drawing the picture used for the top of the column, and to Dick Lees for doing the ink-work.

The Boy Scouts of Sierra Madre stood in silence when they learned of the passing of Colonel Henry B. Hersey. The man that did so much for Scouting, both Nationally and locally. Volumes could be written from the records of Scouting, as to the help and encouragement he gave the boys when they started out in the various phases of the National Scout organization. In accordance with the Twelfth Scout Law, "A Scout is Reverent," we each have a prayer in our heart for a mighty fine Scout.

The last Cub Scout Committee meeting, held at the home of Mrs. Ruth Matter, brought forth final plans for tomorrow night's Pack Meeting at the Public School. One of the main events will be the initiation of thirteen new Cubs—the largest number ever to be taken in at one time in this Pack.

Thanks from St. Rita to Troop Two were extended for the help they rendered during the week-end Festival several weeks ago. At a following meeting Paul Lanctot and William Evans were formally initiated into the troop, with their mothers doing the honors by pinning the badges on them.

The local Explorers recently hiked to Henninger Flats, leaving Friday evening and spending the night under the stars. Saturday morning they proceeded to the Mt. Wilson trail to wearily wend their way home.

Aquarelle Society Holds Water Color Exhibit

The Stever Art Galley is proud to present an exceptionally fine water color show by the members of the Aquarelle Society who have in the last month or so won five major water color prizes. This group of fifty artists is guided and directed by Commander Arthur Beaumont, the great navy painter who is represented in the exhibit by a stunning and forceful Chinese scene called "Woo Song Junk."

The paintings are an interesting display of harbor scenes, landscapes and still life. All in all this is a truly colorful showing with sparkle and zest.

SURGERY FOR MRS. STRANSKE

Mrs. E. Stranske of Pasadena underwent a successful operation at Huntington Memorial Hospital, Tuesday. Mrs. Stranske, former Sierra Madrean, attends the Bethany Church here.

LONG BEACH FOLKS BUILD HOME HERE

Mr. and Mrs. T. C. James with their daughter, Rosemary, 9, have moved into their newly built home at 512 East Sierra Madre Blvd.

Mr. James is associated with the Aero-Jet in Azusa. The family has been Long Beach residents. Both Mr. and Mrs. James were members of St. Paul's Cathedral Choir.

HOME AGAIN

Mrs. Elva Clifford, 475 West Grandview, returned last week from a month's visit in San Francisco.

YEARBOOK BENEFIT

A dance for the benefit of the Anoka Yearbook will be held at the school Saturday evening, October 16.

There will be a fresco dancing around the swimming pool to the music of Carl Wax and orchestra.

Recently discharged from the U. S. Navy, Bruce Newbery, EM 2-c, told of his experiences at a meeting of the Sea Scout Ship. Answering informative questions kept him busy most of the evening.

The Round-table meeting last week disclosed plans for the Boy Scouts to again clean up the Orchard Camp area for their use. It had previously been closed by the Forest Service because of fire hazard. All troops plan to help.

Banquet Begins Campaign For S. M. Concert Series

The Community Concert Association's banquet, scheduled for October 25 at Eaton's, is the kick-off for an intensive one-week membership campaign to bring outstanding music to Sierra Madre. Banquet plans are under direction of co-chairman Mrs. John B. Foreman.

Judge John C. Mead, Association officer, warned that "at the end of our campaign, the membership lists will be closed and no one may join for another year."

There are only 650 memberships available for the three concert series, Judge Mead said, and present enthusiasm indicates that the permanency of a concert series appears well assured.

Hot cakes
are still a good
value...

BUT AN EVEN BETTER VALUE IS THE GAS TO BAKE THEM!

If your family is especially hungry at breakfast, you've probably found hot cakes a satisfying yet economical food. Even more economical is the gas to bake them. Gas has stayed down in price while other items soared. Gas actually costs you less today than in 1939!

We've had to be economical, too, wherever possible. For our costs—like most of yours—have doubled or tripled. No matter what we buy... pipe, fittings, trucks or meters... all have gone up substantially. But we've kept down the price of gas to you as a result of 1) serving more gas to more people... 60% more customers than ten years ago... and 2) constantly striving to find new ways to achieve greater efficiency and more economical operation.

Gas is definitely one household necessity that's kind to your budget. This economy... and superior performance in modern automatic appliances... is why gas is so widely used here in Southern California for cooking, water heating, house heating and refrigeration.

ACROSS TOWN OR ACROSS COUNTRY

It really doesn't matter very much where you live in America—you can always keep in touch with friends almost everywhere—via Long Distance.

It's as easy and comfortable to talk with someone in Paris, France, as it is with someone in Perris, California, or Paris, Oklahoma, and Long Distance calls go through fast today.

Telephone conversations are a sure way to keep human relationships warm and friendly and, if you time your calls between six in the evening and four-thirty in the morning, or at any time on Sunday, when special low rates prevail, the cost for Long Distance calls is not high. For example, you can talk with someone in New York for three minutes during these hours for only \$2.00 (plus Federal tax).

Nowhere in the world has the science of Telephony reached such a high point of efficiency and economy as in the United States.

New Members Model For Fashion Show At Woman's Club

The pleasure of renewing old friendships, grasping many out-stretched hands and exchanging ideas was agreeably interwoven with future plans and projects at the Wednesday New Members' Tea of the Sierra Madre Women's Club.

The next event on the calendar is the dessert bridge-fashion show next Wednesday, October 20th with Mrs. R. W. Newbery chairman. Models will be selected from the ranks of the new members to display the fashions from the Hertel

IRONING PROBLEMS IRONED OUT

Mrs. Jo Howard will be at the Sierra Madre Hardware today (October 14) from 9:30 to 4:30 to demonstrate the Automatic Gladiron. Mrs. Howard is an expert consultant and urges ladies to come in with their ironing problems and bring difficult pieces for help.

Mrs. Newbery has also mentioned that she would like to introduce handcrafts into the club, there seems to be a demand to learn such arts and plans are under way to start classes in carved leather, fabric painting and needlework.

SUCCESSFUL COURT OF HONOR

BY BERT EMBREE

Monday night's Court of Honor was said to be the largest and most successful this city has ever seen. Thirty-five awards and advancements were made to as many boys and Scouters. The Public School Auditorium was filled almost to capacity.

District Commissioner Redge Barrett opened the program by bugle call and presentation of the flag, as all the Scouts marched in. The Pledge of Allegiance was led by Jim Cook. The Invocation was given by Father Finan, of St. Rita.

First on the agenda was the presentation of sixteen new boys, starting up the ladder of Scouting. They were welcomed and given a word of encouragement by Mr. Davey, Chairman of Court of Awards.

Troop Four took the platform, under leadership of Dick Lees. Second Class awards were presented to: John Hutter, Richard Kingsbury, Michael O'Donnell, Richard Patterson, and Craig Simpson. Those receiving First Class badges were: Paul Caron, Daniel DeBellis and Ray Rickman. The Merit Badges included: Bruce Archibald, Leathercraft, and Ray Rickman, Home Repair. After Fayne Lockhart gave a review of the troop advancements since the last Court, Judge John C. Mead did the honors of awarding achievements.

Troop One went before the Court, with Art Tice as Scoutmaster. Hans Gutherz presented the troop to former Judge Noren Eaton, who handed out the following awards: Second Class: Tommy Lumsdon, and First Class to: Jay Andrews, Merle Smith, Jimmy Tice and Richard Ward. One Merit Badge in Bird Study was earned by Assistant Scoutmaster Bert Embree.

Scoutmaster Bill Newbery, called his Troop Two on the stage, to be welcomed and praised by Committee Chairman J. Wood, who turned the following awards over to Mayor Steinberger for presentation: Second Class to Roland Brandt, Preston Fetters, Robert Kinney, Raymond Lorenzini, Dennis Pesek and J. M. Woods. Receiving the First Class badge was David Veiga. These Merit Badges were also earned: Richard Bisetti, Art; Bill Burns, Rabbit Raising; Mahlom Kinney, Swimming; and Bill Newbery, Hiking, Leathercraft, Metalwork and Public Health.

Troop Three, called on review by E. Carver. Troop Committeeman, asked bank president, R. C. Lewis, to award the badges. They included, for Second Class: Keith Sievers, and Raymond Sievers, and a Merit Badge to Jim Cook for Personal Health. Scoutmaster Vurg Smith then dismissed his group to their seats.

Ending the show of awards by troops was the local Sea Scout Ship, Called on deck by Chairman Davey, he reviewed the history of the Ship since it was launched a year ago. The award presented by Mr. Peterson was a Merit Badge to Leonard Barrett for Swimming.

HEADS ANOKIA DANCE PLANS

MRS. LE ROY OWEN of Hampton Road, heading Anokia Mothers' Club sponsoring the Year Book Benefit Dance Saturday evening at Anokia.

Skipper Herb Kelley was in charge of the group.

Troop Charters, whose importance was explained by Ed Davey, were given to Troop Three and the Sea Scout Ship. Redge Barrett passed the honors to Mr. Lewis to give the Charters to Hans Gutherz, of Troop Three, and C. Peterson, representing the Sea Scouts.

A single Star award was given to Bill Newbery by Noren Eaton, who summed it up by pointing out that this was just one more step toward the top.

Judge Mead had the honor of congratulating two Scouters for their continued interest in advancement by awarding them the rank of Life Scout. They were Dick Lees, Scoutmaster of Troop Two, and Bert Embree, Assistant Scoutmaster of Troop One.

The finale came when Luke Gervais, District Commissioner at Lancaster, asked Bill Newbery to present himself. Eagle Scout Lewis Spencer escorted Mr. and Mrs. Robert Newbery to the platform to perform the greatest honors of the evening by pinning the award of Explorer Ranger on their son. Mrs. Newbery, knowing this to

Start Drive

Plans were laid for the Community Youth Fund Drive at the Kiwanis Club meeting Tuesday noon. Members were assigned to assist in starting the work of securing the \$3000 goal.

Ollie Prickett of the Pasadena Playhouse gave a very interesting talk on the humorous and embarrassing moments on the stage, and the years of work and training required to make an actor.

There will be no meeting in Sierra Madre next week as Wednesday the members will go to the Pomona Kiwanis to present the "Traveling Gavel."

The Line of Fashion Is Molded to Please American Standards

Long Skirts But Slender, With Back Fulness, Feature The Newer Streamline Look

There is a newer look for this fall which makes the most of the best features of last year's revolutionary and truly named "new look."

American Women are always eager to accept departures in fashion design—but they must be flatteringly wearable for the many not the limited few. So it is that in catering to the demand for reasonable clothes, that designers have calmed and modified the extremes of '47 into the lovely fashions of '48-'49.

Streamlining has proved too good a thing for the American woman's figure for her to be willing to give it up and in keeping with it, the longer skirt has won her devotion now that much excess bulk has

beautifully done.

Best liked colors are liqueur green, purple, old gold, deep gray, gingery browns and blues of turquoise and peacock hues. Coat and suit colors favor forest greens, earthy browns, grays and wines.

The type of clothes the women of this country consider the basis of their wardrobe is as at home in town as in the country. And the approaching fall and winter will see many tweeds and knitted fashions of spectator men. Dresses, suits and coats—all of which are also very appropriate for travel—comprise a very particular and popular proportion of wardrobe selections.

COLOR CARD

The thing that makes the classic fabrics look new is all in the coloring! Grays are darker, greens and reds have blackish undertones, and the clay shades are so smart. Navy is fast becoming a year round color, appearing in many fall and winter lines, often contrasted with cocoa brown to great advantage.

Whether you loved or resisted the "new look" of 12 months ago—you'll quickly take to the newer look of fall and winter 48-49. Because clothes have never held a richer promise of beauty and flattery for every woman on every American scene.

Family Tree, Redwood Variety, Explored

California's coast redwood trees are no direct descendants of the Big Trees but stem from the dawn redwoods, extinct in the United States but recently found still alive in the interior of China. That is the theory of Dr. G. Ledyard Stebbins, Jr., professor of genetics in the University of California College of Agriculture.

It has been proved that, some 30 million years ago, dawn and coast redwoods grew together in West Coast forests. Dr. Stebbins believes that this dawn redwood and another now extinct variety produced a hybrid which, by aberration, doubled and later tripled the chromosomes in their cells, thus producing a new tree—the coast redwood. That would explain why the coast and the dawn redwood have similar cones and foliage although the number of their chromosomes differ widely, while the Big Trees have entirely different outward characteristics although their chromosomes number is the same as that of the dawn redwood.

Such aberrations causing chromosome increases, explains Dr. Stebbins, very often produce new species of plants from wild and now often extinct varieties. Prominent examples of plants produced by mistakes of nature are tobacco, wheat and cotton.

Bees must travel an average of 150,000 miles to gather a single pound of honey.

The first grapevines in Europe were planted on the Rhine River by the German King Ludwig in 842 A. D.

Hoss Honey

Audrey Ashby, of Elizaville, N. Y., is the queen of this fall's Eastern Rodeo in New York's Madison Square Garden. She was selected from 12 contestants for her beauty and horsemanship.

Pasadena Playhouse

Problems of a constant wife versus a not-so-constant mate are analyzed with brittle brilliance by Somerset Maugham in his comedy, "The Constant Wife," coming to Pasadena Playhouse from October 13 to 24 as the second playbill in the new season.

Constance Middleton finally wearies of the philandering husband John and decides to turn the tables. By the time she finishes this single, emphatic move the furniture has been rearranged in many lives.

Experiments conducted by a New York laboratory showed that the Ivory Tone Panama made by the Frank H. Lee Company reflected 93 per cent of the sun's heat rays.

The straw hat sewing machine used by the Lee hat company was invented in 1865.

Hear From Daughter in China

Mr. and Mrs. W. A. Evans of 397 West Montecito, have been much relieved over the situation of their daughter, Florence Evans, a nurse missionary stationed at Tsinan, China, since talking with Dr. Still, Dr. Still, a British physician, left the hospital in China where Miss Evans worked September 2nd and was on his way to England. He stopped over in Los Angeles to talk with the Sierra Madre Evans.

He said that the picture was not too alarming. Although the Communists were in possession of the territory, they were not plundering and killing as they formerly did. The hospital was allowed to operate practically in its normal manner. He said that all the doctors had left but one who was carrying on with the help of Chinese internes.

GIRL SCOUTS WITH FAMILIES DINE AND DANCE AT HUT

The first meeting of the Girl Scout Council of the year was held Tuesday evening at the Youth Hut. Mrs. William Marrison, Council head, presided.

Senior Girl Scout Promotion Committee Chairman, Mrs. John Thum addressed the group on "Co-ordinating The Senior Scout Program With The Council Program."

A skit was put on by the new Mountaineer group, headed by Mrs. George McBurney. Troop Nine served refreshments, with the assistance of Mrs. William Rob Rogers and Mrs. George Bouvier.

The first American to engage in meat packing was William Pynchon, of Springfield, Mass., who in 1855 started to drive cattle to Boston.

46 G. I. PARAPLEGICS AT U.C.L.A. THIS FALL

Forty-six paraplegic veterans —paralyzed from the waist down—are enrolled at the University of California at Los Angeles this fall.

This is the largest group of "wheel chair scholars" ever to be enrolled at U. C. L. A. and the largest group on any campus in the United States. Twenty-six are old students, twenty are new students.

U.C.L.A.'s program of aiding paraplegic veterans began in the fall of 1945 when two students were enrolled on an experimental basis. In succeeding semesters the program was expanded.

Special campus facilities, parking space, housing arrangements and counseling services have been set up for the paraplegic G. I. students.

This is unquestionably one of the finest programs of its kind in America.

FOR-GET-ME-NOTS MAKE PASADENA TRIP

The Forget-me-not group of Blue Birds with their leader, Mrs. Gladys Carter and Mrs. Maltby were escorted through the Star News last Thursday. There were ten in the group.

From page one about the petition of 1633 names which was presented to the Council two weeks ago in an effort to resolve the Armory site dispute.

"It's been filed," said Mayor Steinberger. "What's that mean?" asked Mrs. de Wright.

"Well, just that—filed," the Mayor said.

It was then pointed out that a letter from Maj. Gen. D. H. Hudelson had resolved the dispute. (See Armory story).

The Council also decided it had better have another talk with Pacific Electric Railway officials.

A letter from Police Chief G. G. McMillan pointed out that PE buses pulling in and out of the station at Kersting square, a vehicular movement not allowed automobiles, has created a traffic hazard.

He wants something done about it. Also, he suggested that bus stops on the "near" side of intersections be eliminated and that PE buses be required to stop on the "far" side (after they have crossed the intersection).

McMillan also asked that the Council do something about the danger presented by rail cars that drive on the wrong side of the street as they enter town.

He pointed out that not only are the tracks off-center, but that PE provides so little power that at night the cars run with lights that are practically out.

The Council seemed blandly unaware that the same thing had been pointed out a year ago in a report prepared by the California Public Utilities Commission's engineers and that nothing had been done about it.

City Attorney Tom Reynolds reminded Council that, on the basis of instructions from the Council itself, he had appeared before the Public Utilities Commission yesterday to fight proposed abandonment of the line. He said he would see what could be done, but he didn't appear hopeful.

The Council also referred to Streets Chief Howard W. Brod a request of C. L. Miles that a street light be installed in front of 835 Skyland Drive and to the police department a request of H. H. Steinberger that stop signs be installed at the corners of Park and Mariposa Avenues and Sunnyside and Mariposa Avenues.

It takes about 84 gallons of water to make one Lee Pre-Shaped hat.

ARMORY

from the Architectural Office. Following is the text of the letter addressed to Mayor Milton Steinberger:

"As a result of my visit with members of the Sierra Madre City Council on the afternoon of 6 October 1948, I have requested the Department of Architecture to inspect both armory sites in your city at an early date.

"From a military point of view either site is acceptable to the National Guard. More space is available at the site East of the city. However, the site at the center of the city has certain advantages not found in the other.

"The armory, when constructed, will be available for community activities when not used by the National Guard. I understand that there has been considerable discussion by the citizens of Sierra Madre regarding the merits of the two sites. This is a matter that must be decided by the citizens of your city. I am instructing my officers not to enter into these discussions other than as private citizens.

"As soon as I receive the report of the State Architectural Office I will contact you.

"Please be assured that I do want an armory constructed in Sierra Madre at the earliest possible date. I am certain that I will have your cooperation in obtaining one of the two sites."

LOCAL MOVING

Mr. and Mrs. Charles Hall moved last week to 95 West Carter. Their former home at 181 Vista Circle Drive, is being occupied by Mr. and Mrs. W. Woodling of this city.

Members of St. Catherine's Guild of the Episcopal Church, met last week at the home of Mrs. Freda M. Clatworthy, 82 West Alegria. Co-hostess was Mrs. Rosalie Goodwin.

PE ARGUES

not only may some lines be completely abandoned, but that PE may leave the passenger transportation business.

Speaking for the company, Arthur C. Jenkins, San Francisco consulting engineer, declared:

"With few exceptions, all of the issues involved . . . have a direct bearing upon the ques-

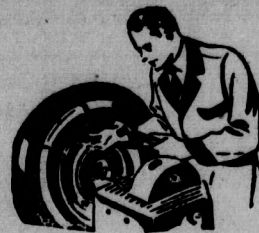

tion of whether or not the company should continue in the passenger transportation business and if so, whether or not it should continue to perform passenger service by rail."

The company's own survey which will decide what lines should get the ax should be completed within 90 days, he said.

No action, however, can be taken without approval of the Public Utilities Commission.

Reynolds and attorneys for ten other cities, including Los Angeles, will appear at a continuation of the hearing at the State Building next Thursday. At that time they will cross-examine company witnesses and present their own arguments.

egria was driving North on Sunnyside when the two vehicles collided.

Police report that both cars were traveling about 25 miles per hour. No citations were issued.

A hit and run charge, involving property damage, was issued against Mrs. John Roberts, 390 Sycamore Place, Sunday evening after she had, according to police, driven her car into shrubs on property belonging to Robert Powers, 455 Canon.

Witnesses called police after Mrs. Roberts righted her damaged car and drove away, failing to leave her name or address. Traced by the license plates, she was cited for a misdemeanor and will appear in City Court October 23.

The case of the mistaken hand signal went down on police records as a minor traffic collision late Saturday night when Samuel S. Jackson, 470 West Sierra Madre Blvd., and Edward C. McFadden, connected to their mutual detriment.

According to McFadden, he was driving west on Sierra Madre Blvd. when Jackson signaled for a right hand turn. The crash occurred when McFadden then attempted to pass on the left and Jackson turned left. Both cars were slightly damaged.
